

## WDD 131 Personal Site Advice

The logo shouldn't include the full site name. I will erase Meg's Lil Soul Patches and leave the M on the logo. I intend to now make the page I originally made as the second webpage the main website page. It will allow viewers to see the stickers on the main webpage and if they want to know more about the brand, they can then go to the second page which will include a biography. On the main page with the stickers, we considered using three dots. (...) to show that the users could click on the stickers to find out more about each sticker design.
